PROPERTY HIGHLIGHTS

Building Highlights

This state-of-the-art flex space property, available in 2026, is a newly constructed building spanning 40,000 sq. ft. on a 3.5-acre lot. It boasts 28' clear height ceilings, ample parking, and large yard, making it an ideal business location.

Location Advantages

The property is strategically located with direct access to the TCH highway leading to all east west transport lanes. This prime location ensures minimal travel time, offering excellent connectivity for your supply chain, customers and staff.

Nearby Amenities

The property is conveniently located near Granite Drive (Costco) and home to a variety of large multinational retailers. This proximity provides easy access to a wide range of services and amenities.

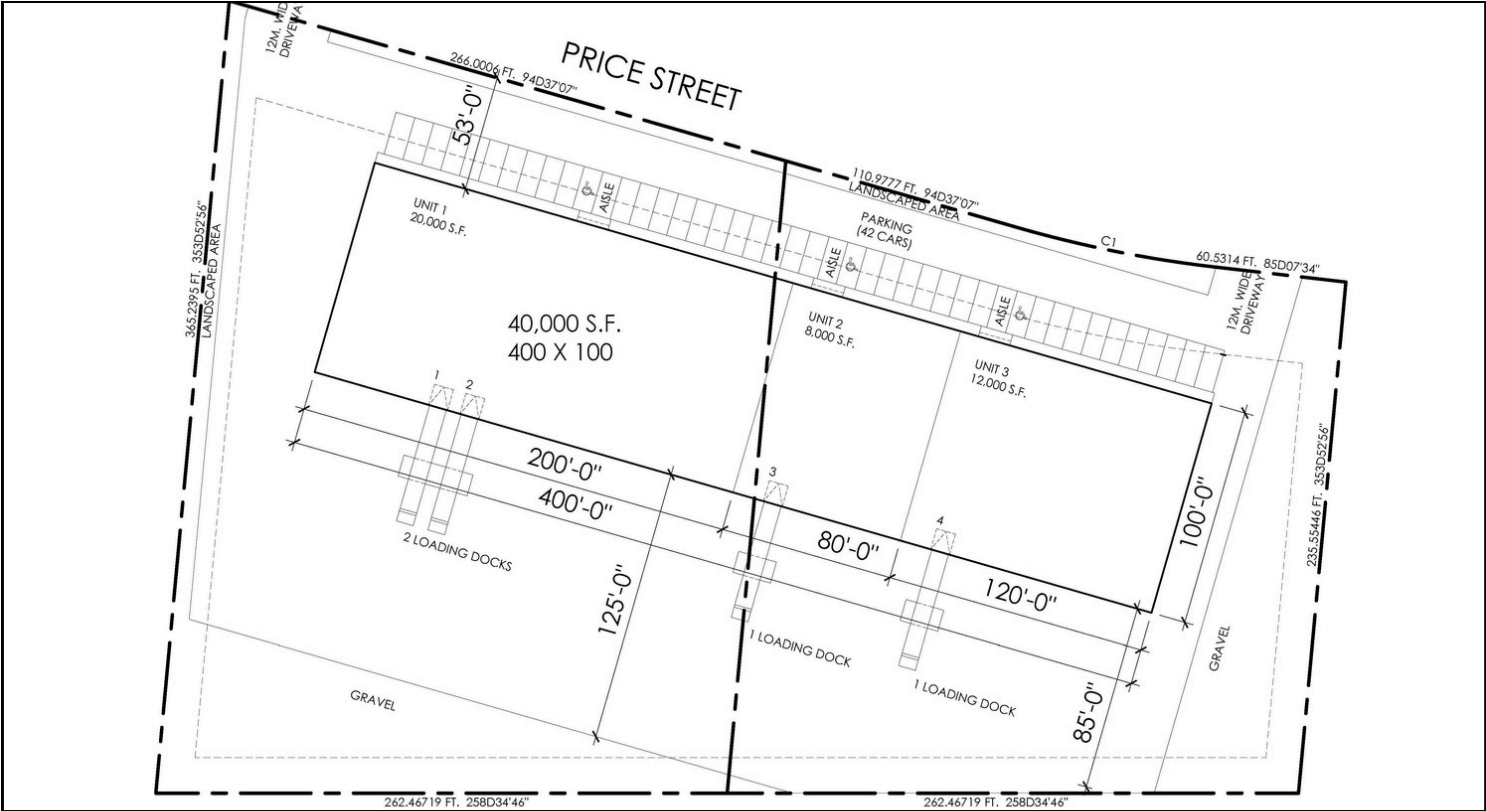

Energywise Design

Built with a focus on efficiency and sustainability, this property features Energywise construction, including R30 insulated walls, R50 roof system, high-efficiency gas furnaces, and LED lighting with advanced motion sensors. Designed for future-forward operations, it also includes optional solar support infrastructure to further enhance environmental and cost performance.
